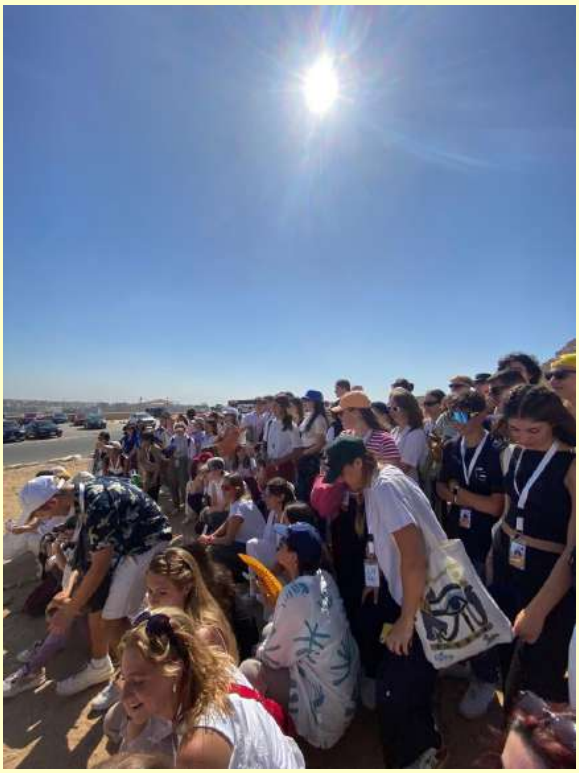
Think Egypt "Egyptology"2024 camp

14th : 24th July , 2024



Egypt is probably the world's oldest civilization having emerged from the Nile Valley around 3,100 BC, historically. Egypt is probably one of the oldest vacation spots. Early Greeks, Romans and others went there just for fun, and to see the wonders of some of mankind's earliest triumphs. But Egypt is much more than Pyramids and monuments. It is also Red Sea scuba diving, hot night spots, luxury hotels and five star restaurants. It is romantic cruises down the Nile on festive river boats, a night at the grand opera and it is a cultural experience like none you have ever experienced. Egypt is a land bustling with life, sound, visual beauty and excitement. More than anything else, we want you to think of Egypt as fun. For thousands of years, it has been the playground of emperors and kings, and we hope you will take the time to find out why.
