TURISMO Y PAZ

El turismo actúa como motor para fomentar la Paz, el entendimiento cultural y el desarrollo sostenible en las comunidades.

Como resultado de ello, podemos destacar las siguientes ventajas:

• ***Fomento de la comprensión intercultural.***

Permite a las personas de diferentes culturas interactuar, aprender de otras y romper perjuicios y con ello promueve la empatía y el respeto mutuo.

• ***Impulso al desarrollo económico y social.***

Fomenta la economía local y mejora la calidad de vida, contribuyendo a la reducción de la pobreza y la desigualdad.

• ***Protección del Patrimonio y la Cultura.***

Promueve el cuidado del patrimonio cultural y natural, ya que los destinos turísticos suelen centrarse en conservar y promover su riqueza local para atraer visitantes.

• ***Contribución a los Objetivos de Desarrollo Sostenible (ODS).***

El turismo pacifico está alineado con los ODS, en especial los objetivos relacionados con la Igualdad, el desarrollo económico y la sostenibilidad ambiental.

• ***Reducción de tensiones geopolíticas.***

En algunos casos, la cooperación turística entre países o regiones en conflicto puede actuar como puente para mejorar las relaciones diplomáticas.

En definitiva, el Turismo y la Paz se complementan cuando se desarrolla de manera responsable, respetando las culturas locales, minimizando los impactos ambientales y promoviendo valores de inclusión y sostenibilidad.

XI INTERNATIONAL ROTARY CLUB MASPALOMAS CAMP - 2025

TOURISM AND PEACE

Tourism acts as a driving force to promote peace, cultural understanding and sustainable development in communities.

As a result, we can highlight the following advantages:

• ***Promotion of intercultural understanding.***

It allows people from different cultures to interact, learn from others and break down prejudices, thereby promoting empathy and mutual respect.

• ***Boosting economic and social development.***

It promotes the local economy and improves the quality of life, contributing to the reduction of poverty and inequality.

• ***Protection of Heritage and Culture.***

It promotes the care of cultural and natural heritage, since tourist destinations usually focus on conserving and promoting their local wealth to attract visitors.

• ***Contribution to the Sustainable Development Goals (SDG).***

Peaceful tourism is aligned with the SDGs, especially the objectives related to Equality, economic development and environmental sustainability.

• ***Reduction of geopolitical tensions.***

In some cases, tourism cooperation between countries or regions in conflict can act as a bridge to improve diplomatic relations.

Ultimately, Tourism and Peace complement each other when developed responsibly, respecting local cultures, minimising environmental impacts and promoting values of inclusion and sustainability.
